This Charm enhances an Archery-based attack. The Solar can apply this attack (for which he rolls only once) against (his permanent Essence x 3) valid targets. He cannot apply this attack to a single person or human-sized object more than once, but he can apply it repeatedly against the same military unit or larger object. This Charm requires that the character have separate ammunition for each target. The character can use this Charm even with weapons such as firewands that would normally require a reloading action between shots.

NONE This Charm always adds the character's Essence in damage to an Archery-based attack. In addition, players can pick one of the following effects when purchasing this Charm. Fiery Arrow Attack: The arrow catches fire mid-flight. Dazzling Flare: The arrow glows with holy fire or brilliant sunlight. This Charm makes the attack Holy and it inflicts aggravated damage against creatures of darkness (see p. 192). The arrow shines brightly enough to be seen for (the Solar's Essence x 10) miles, if fired straight upward or otherwise unobstructed. Righteous Judgment Arrow: The Solar can spend a third mote on this Charm to add four extra dice of damage to the attack. This variation has a distinctive visual effect usually related to the character's anima. Characters can purchase additional effects for this Charm at a cost of one experience point each or one bonus point for both.

It has Rate and Accuracy equal to the Lawgiver's permanent Essence score. It inflicts lethal damage, and its damage bonus is also equal to the character's permanent Essence. This Charm allows the Solar to shape arrows from ambient Essence at will for the remainder of the scene. Doing so functions as Phantom Arrow Technique but does not cost one mote of Essence per arrow. This Charm can create firedust charges in addition to the normal ammunition options. Ammunition created by this Charm adds one die to its normal damage and never strikes an unintended target. It will stop in midair for an instant before vanishing rather than hurt someone the Solar wishes spared.

This Charm permits a Lawgiver to make ranged attacks without using ammunition. Each such attack costs one mote of Essence. The Exalt can attack as if using any form of ammunition without Resources cost, such as a broadhead, fowling, frog crotch or target arrow. This Charm permanently enhances the Exalt's capabilities. Therefore, shaping motes into ammunition is an unrolled reflexive action and not a Charm activation.

Treat the original attack and all duplicates as a single attack when making attack and defense rolls, but if they hit, calculate the damage for each attack separately. If Rain of Feathered Death is used with ammunition costing more than one dot of Resources per shot or placed in a Combo with Charms that affect the arrow's damage, the cost for this Charm increases to eight motes per duplicate.

It has a Range of (Essence x 10) yards and cannot exceed it. It cannot be blocked or dodged without the use of Charms or other magic. It ignores cover, including shields, but it cannot otherwise strike around obstacles. It deals lethal damage with a base damage, before adding attack successes, of (the Exalt's Strength + Willpower). It deals aggravated damage against creatures of darkness (see below).

The character invokes the Heavenly Guardian Defense Charm, paying the normal four motes. He can later use the Heavenly Guardian Defense against one attack of his choice, in any circumstance when using the Charm would be legitimate. Preparing the Charm counts as a Charm use, but invoking its abilities later does not. The motes remain committed until the Solar uses the Charm to block a single attack. This Charm conceals a Thrown-based attack. Characters watching the Solar need (the Solar's Essence) successes on a reflexive (Wits + Awareness) roll to notice him making the attack. This success requirement decreases by one each additional time the Solar uses this Charm in a scene. For characters not watching the Solar, all evidence indicates that the attack comes from a direction and distance named by the Solar when making the attack. For example, a Solar attacking from behind might wound an enemy in the side or chest by having his missile curve at the last moment.

This Charm gives the character three bonus successes on any valid action that, if it succeeds, will physically reclaim one or more of the throwing weapons he owns-whether by yanking one back to him on a cord, snatching several up while running past, grabbing a knife from the lava's surface before it sinks or snatching a weapon physically from an enemy who has stolen it. This Charm does not affect attempts to reclaim throwing weapons by non-physical means such as persuasion, nor does it help when the character is taking preparatory actions such as running across a hair-thin bridge to where his weapon rests. Returning Weapon Concentration also makes any weapon slide free of any target without resistance, so that the lightest tug can reclaim even a knife sheathed to the hilt in a tree.

This Charm supplements an organizational effort that the Solar leads-a dramatic action taken by a bureaucratic, mercantile or governmental organization. This Charm reduces the external penalties on that action by the Solar's Essence. It permanently reduces any internal penalties that organization suffers due to endemic corruption or inefficiency by one. The Solar must have sufficient authority to lead the effort. For example, the Solar could lead a nation's effort to build a network of roads, reducing the penalties imposed by bandits, uncleared wilderness and reluctant labor. This Charm incidentally purges the least useful members of the bureaucracy.

Subtract an external penalty of ([the organization's leader's Intelligence + Bureaucracy] ÷ 2) from the successes on the Bureaucracy roll. If the character succeeds, then the organization suffers a permanent increase in corruption and inefficiency that imposes a -2 internal penalty on all of its actions. This Charm can be applied repeatedly to a single bureaucracy, but no combination of Charms including Foul Air of Argument Technique can impose a greater internal inefficiency and corruption penalty on an organization than (the Solar's Intelligence + Bureaucracy).

This Charm empowers the natural indolence of others. The Solar communicates with an organization regarding a project, and his player rolls ([Intelligence or Charisma] + Bureaucracy), adding the Solar's Essence in automatic successes. The difficulty of this roll is 1. If the person responsible for this project wishes a speedy resolution, subtract an external penalty of ([that person's Intelligence + Bureaucracy] \div 2) from the successes on the Bureaucracy roll. The Solar is aware of such opposition, however. If the Solar succeeds, this Charm multiplies the remaining time required for the target organization to begin that project by (the Solar's Essence + I). It is always increased to at least (the Solar's Essence) in hours. If the project has already begun, this Charm instead applies an external penalty equal to the Solar's Essence to the organization's attempts to make progress.

This Charm supplements a social or dramatic action to buy, sell or trade something wisely. This Charm provides information on market values. To the extent that the Exalt understands what the target item, shipment, import or export is-and to the extent that he understands the relevant markets-this Charm gives the Solar a perfect knowledge of its value in those markets. This information is sometimes worth the Charm's cost in itself, but the main effect of this Charm and this information is to reduce external penalties applying to the mercantile action by an amount equal to the Solar's Essence. Whether the Solar is trying to buy a good sword for himself, outfit his army in exceptional steel, trade off yeddim for silk before plague kills the beasts or sell off the produce of his nation's labor, he can overcome penalties from scarcity, volatile markets and trade barriers.

POETIC EXPRESSION STYLE, TWISTED WORDS TECHNIQUE This Charm is a dramatic action to speak before a crowd. It flares the Solar's anima to the 16+ mote level while in use. This Charm exerts unnatural mental influence on all who hear, compelling them to listen raptly. This is automatically successful unless opposed by a defensive Charm. In addition, the Exalt's player rolls (Charisma + Linguistics), and if the successes defeat a target's MDV, that target is compelled to fall to his knees in awe or otherwise react as appropriate to the oration of a creature greater than a god. To resist one or both compulsions for a single action, the target must either have his player succeed on a Temperance roll, or he must spend one Willpower. The target need never spend more Willpower than the Solar's Essence in any given scene. This Charm ends when the Solar interrupts his speech for any reason other than a dramatic pause.

This Charm permanently enhances the Exalt's capabilities with one of the following tricks: Harmony of Spirits Style: The Lawgiver can spend one mote reflexively to stop himself from falling off a mount, even when inactive. Horse-Summoning Whistle: The Lawgiver can spend one mote reflexively to call a mount loyal to him to his side. Master Horseman's Eye: The Solar can spend one mote reflexively when evaluating a mount and perfectly recognize its strengths and weaknesses. Speed-Sustaining Technique: The Lawgiver can spend one mote reflexively and touch a mount to sustain it for two hours. Spirit-Steadying Assurances: The Solar can spend three motes reflexively to prevent a mount from panicking for the scene. Characters can purchase additional tricks for two experience points or one bonus point. Using these abilities does not count as a Charm invocation.

ANY RIDE EXCELLENCY This Charm lets a character use his reflexive Charms to assist a loyal animal he is riding rather than himself. This counts as the character using that Charm, but adds one mote to its invocation cost. Because this counts as the character using the Charm, it must abide by all of the normal limitations on Charm invocation. For example, the character can't use a Martial Arts Excellency to enhance an attack and also use Reflex Sidestep Technique to help his mount dodge in the same action without a Combo. However, he could use either of these to help both himself and the horse in a single action. If the character has a self-invoking Charm, such as Surprise Anticipation Method, then it invokes to protect his mount as well. If the mount faces unexpected mortal danger, the character reflexively spends two motes to enhance the mount's Awareness and allow it to shy.

Other characters subtract one success as an external penalty from all actions while on board until the Exalt formally welcomes them to the ship and unless he later renounces them. This is enforced by the little god of the ship, so the Exalt must welcome and renounce others in the language of the Old Realm and in earshot of the ship itself.

This Charm uses the Solar's signature athletic move to enhance an attack. A signature move is something like leaping into the air and swinging the character's fists in a brilliant Essenceladen arc, charging an opponent like a bull, or pouncing on an enemy like a tiger. If the character receives mechanical benefits such as extra movement from his Athletics action, then it must be included in his current flurry. This Charm gives one bonus success on this attack in Step 3 of attack resolution and doubles the post-soak damage of the attack in Step 7 of attack resolution. This Charm is explicitly permitted to supplement actions of other Abilities. The player chooses the signature attack when purchasing this Charm, but once this Charm is purchased, the character can purchase new signature attacks for one experience point or one bonus point each.

The Lawgivers see through all deceptions. This Charm lets the Solar see everything that is deliberately concealed within the normal range of his vision. This Charm renders Stealth effects, deception effects and concealment effects- natural and unnatural-inapplicable against the Solar. She may notice the effects, but they have no effect on her. This includes invisibility, mundane disguises, disguises augmented by Lunar shapeshifting or Sidereal astrology and Compulsion and Illusion effects that force her to deny reality. This Charm flares the Solar's anima to the I6+ mote level while in use. If another Charm contests this Charm's effects, Eye of the Unconquered Sun adds twice the Solar's Essence in automatic successes to the opposed roll to maintain the effects of this Charm. This Charm is considered a defense when used to prevent a surprise or social attack.

Keen (Sense) Technique is actually three Charms, one that heightens sight, one that heightens hearing and touch and one that heightens smell and taste. This Charm gives two bonus successes on Awareness actions that use the relevant senses. It also allows the character to clearly perceive sensory impressions that are normally too faint for human senses to validly observe at all. See the full text for details.

This Charm guarantees success on any valid Awareness roll to notice immediate mortal danger. This Charm works whether in or out of battle, awake or asleep. If the Exalt's player must make such a roll and has a chance of failing it, and if the Solar can invoke this Charm, this Charm invokes itself automatically. At that time, if the player has a Combo containing this Charm, he may declare the use of that Combo instead of just the Surprise Anticipation Method Charm. Surprise Anticipation Method does not invoke itself if the character has already used his Charm for the action, if the character does not have any motes of Essence, if the character is Inactive and cannot become active, if the character is already certain to succeed on the Awareness roll or if the character cannot normally attempt an Awareness roll.

The character chooses whether to harmlessly or destructively take the object apart. This Charm allows the disassembly of only those objects the character can break with a feat of strength, adding twice the character's Craft to the character's (Strength + Athletics) pool to determine valid feats. This Charm can disassemble a single object in $(8 - Essence)$ minutes, with a minimum of three minutes. This Charm allows the character to detect others' importance or wealth with a glance. This Charm targets one individual the character can sense. The Exalt's player rolls (Perception + Investigation), adding the Solar's Essence in automatic successes. If the target is concealing his identity or Resources in any way, subtract an external penalty of ([the target's Manipulation + Socialize] \div 2) from the successes on the Investigation roll. If the Exalt succeeds, she learns the target's Resources and Influence ratings. In addition, she can make a rough but solid estimate of how many allies the target considers himself to have in the immediate circumstances and how much wealth and power the target wields through organization-specific Backgrounds such as Backing and Followers. The Solar may not attempt to use this Charm on a given target more than once per scene.

The Exalt uses this Charm immediately after interacting with a target. The Solar's player rolls (Perception + Investigation). The difficulty for this roll is I, but subtract an external penalty of ([the target's Manipulation + Socialize] ÷ 2) from the successes on the Investigation roll. On a success, this Charm forces the target's player to declare the target's price-sex, fame, the reclaimed honor of an ancestor or the salvation of the world. If the Exalt meets that price, this Charm invokes an unnatural Servitude effect-the target becomes loyal to the Exalt and must spend one Willpower per scene to act in a knowingly disloyal fashion. This servitude lasts until the Exalt betrays the bargain-as by reclaiming an object given as the price-or the target has spent a total of 10 Willpower to act disloyally.

This Charm helps a character hold fast to her fundamental Intimacies in the face of temptation. The player picks one of the character's Intimacies when purchasing this Charm. For the purposes of this Solar Charm, this loyalty must be to an ideal. If the character voluntarily abandons that Intimacy or it becomes obsolete, this Charm ceases to function until, first, a new story begins and, second, the character chooses a new Intimacy to which the Charm applies. For example, if rejecting a supernaturally persuasive offer would normally require two Willpower, the Exalt can spend two Willpower; five motes, one Willpower; or 10 motes. If the character would normally break free of the mental influence after spending a certain amount of Willpower, treat the character as having paid the full Willpower price even if it is paid in motes.

The Solar gives a performance, her player rolling ([Charisma or Manipulation] + Performance) and adding her Appearance in bonus dice. This Charm exerts unnatural mental influence on all who witness it. Characters with Mental DV less than the Solar's successes must spend two Willpower or fall instantly in love either with the Solar or something the Solar represents. Targets incapable of sexual attraction to the Solar suffer starry-eyed infatuation or dedication to the Solar's cause rather than romantic desire. This love is a form of commitment (see p. 201). Targets can break the commitment naturally but they must spend one Willpower in each scene where they deliberately attempt to shake it off.

This Charm is a Performance-based social attack that encourages a specific belief-for example, overwriting the audience's memories and convincing them that the Solar has always lived in their town. This Charm exerts unnatural mental influence on every valid target of this roll. If their MDV is less than the extra successes on the roll, this Charm inspires them to believe. It also creates an instant commitment (see p. 201) to that belief. Shaking off the illusion requires one Willpower per scene, and the effect lasts until the targets break their commitment to the false belief.

The order can be as complicated as the Solar desires. The target must spend one Willpower to resist the order but need pay this cost only once per day. The influence fades when the Charm expires. When the Solar uses Hypnotic Tongue Technique, the target is not aware of the compulsion, nor does the Solar need to spell out the order explicitly in words. If the target wishes to recognize the influence or remember it later he must spend four Willpower, which must be spent all at once. Recognizing or remembering the influence is not considered "resisting" it, and the target does not gain Limit from doing so.

This Charm is a Presence-based social attack that inspires someone to recognize the Solar's greatness. The target chosen must be a valid target for persuasion attempts. The Solar's player rolls ([Charisma or Manipulation] + Presence), subtracting the target's MDV from the successes as an external penalty. If the Solar succeeds, this Charm exerts unnatural mental influence and creates a Servitude effect. It compels the target to serve the Solar loyally. This effect costs one Willpower per day to resist. This Charm creates an instant commitment (see p. 201) to the Solar. The target cannot begin breaking faith (see p. 201) with that commitment until the Charm's effects end. The mental influence lasts until the target has fully shaken off this loyalty.

The Solar invokes this Charm after an attack hits him but before damage is rolled. Roll (his Stamina + Resistance) against a difficulty equal to the attacker's Essence (up to a maximum of 6). On a success, this Charm prevents all damage from the attack; on a failure, this Charm still gives him +4A/+8L/+8B soak.

This Charm allows the Exalt to make one minute's progress on donning armor in a single action. The Solar Exalted normally use this Charm for a number of successive actions equal to the armor's mobility penalty in order to complete the armor-donning process. For example, six actions and six invocations allows an Exalt to gird himself in chain swathing. Facing exigent circumstances such as limited Essence or frequent interruptions, he could also spend two minutes' effort and four invocations of the Charm. This Charm applies to personal worn items, including body armor, shields, clothing and warstriders.

FRIENDSHIP WITH ANIMALS APPROACH This Charm involves training a natural animal or familiar. This Charm requires five or more hours of effort in any given week. In each week of training, the trainer picks one of the following to train: Strength, Dexterity, Stamina or Perception: Increases the animal's Attribute by one dot, to a maximum of (its species average + 2). Valor: Increases the animal's Valor by one dot, to a maximum of 4. Athletics, Awareness, Martial Arts, Resistance or Survival: Increases the animal's Ability by one dot, to a maximum of the Solar's own rating in that Ability. Health and size: Gives the animal an additional -I health level and, optionally, increases its size by 10%. This Charm can give an animal a number of extra levels up to its Stamina. Intelligence: Gives the animal the effective intelligence of a six-year-old human. Using this Charm on a familiar increases all of these maximums by one and allows training the animal to adult intelligence.

This Charm enhances the character's Hardship-Surviving Mendicant Spirit. When using that Charm, the character now becomes immune to environmental hazards. She can survive in a bonfire, underwater, in a volcano's caldera or in a pool of boiling acid, all with ease. She takes damage or suffers Poison, Crippling or Sickness effects only when directly inflicted upon her by some character's action.

This Charm enhances the character's Hardship-Surviving Mendicant Spirit. It reduces that Charm's cost to 5 motes and allows the character to activate Hardship-Surviving Mendicant Spirit even when she's inactive (see p. 143). If the Solar has Essence 6+, this Charm negates the cost for Hardship-Surviving Mendicant Spirit entirely.

This Charm is a dramatic action to camouflage the Solar or some person or object, and it normally takes one hour to perform. The player rolls (Intelligence + Survival) to determine the quality of the camouflage. This Charm makes the camouflaged thing impossible to detect with Awareness rolls using ordinary senses. Characters with inhuman sensory acuity, such as Lawgivers using Keen Smell and Taste Technique, can discover the hidden thing by opposing the camouflage roll with (their Perception + Awareness). Characters conducting a thorough search, such as a miscellaneous Investigation action with a normal Speed of five long ticks, can oppose the camouflage roll with an appropriate dice pool.

This Charm affects the character or a group she leads with a Magnitude no greater than her Essence. The character or group may forage in the wild and find enough food for a small meal each. It takes five applications of this Charm per day to keep a group well fed. If the Solar has dependents not foraging with her, food found with this Charm can be brought back to them. For example, for three motes, a 10-person group can find enough food to maintain two dependents for a day.

This Charm keeps natural animals from attacking the character unless they are provoked or driven by unusual pain or fear. It allows the Exalt to communicate with natural animals-with sounds and gestures-as if they shared a common language. Animals have limited capacity for comprehension, and the Exalt cannot convince an animal to adopt a belief or plan that it cannot understand. Characters can activate Friendship with Animals Approach when inactive (see p. 143).

This Charm negates any environmental external penalties to Survival rolls made for the Solar. This means that the coldest glacier and the hottest desert are no more deadly for the Solar than the gentlest rolling plain. She can find food and water easily, she ignores inclement weather even when lightly dressed, and she does not suffer undue blisters, bug bites or plant poison even walking barefoot through the Far East. This Charm does not protect against environmental damage, however, so if the environment is deadly enough to force regular Resistance rolls, the Solar needs Element-Resisting Prana to endure it.

	Friendship with Ani	mals Approach				
The target of this Charm must be an animal loyal (see p. 175) to the Exalt. Normally, the Exalt wins this loyalty through persuasion and the use of the Friendship with Animals Approach. The Exalt can only use this Charm if he has no familiar, and using it on a new animal for the first time removes his Familiar Background entirely. This Charm is a dramatic action requiring several hours of interaction with the target. It increases the Exalt's Familiar Background vone dot, to a maximum of five. When the Exalt's Familiar Background reaches a sufficient level to have the animal as a Familiar, it becomes his familiar. For example, a tiger requires three applications of this Charm to become the Exalt's familiar, and two more to give the Exalt the abilities conveyed by Familiar 5.
